Federal Service Computation Record

NAME OF EMPLOYEE

NAME OF AGENCY	DATE OF APPOINTMENT			DATE OF SEPARATION			METHOD
	YEAR	MONTH	DAY	YEAR	MONTH	DAY	
							1. For each period of continuous Government Employment, enter each date of appointment and each date of separation. 2. Enter appointment and separation dates of military service when not included in a period of continuous Civilian Government Employment. 3. Add 1 day to each separation date. 4. Compute noncreditable LWOP and enter total amount under dates of appointment column. SPECIAL NOTE: LWOP up to a total of 6 months in a calendar year is creditable. Any LWOP in excess of 6 months in a calendar year is not creditable. For example: LWOP begins 4/15/39 and ends 12/31/40. Excessive LWOP in 1939 is 2 months, 17 days, and excessive LWOP in 1940 is 6 months; therefore, 8 months and 17 days is noncreditable LWOP. 5. Enter last continuous EOD date under appointment column. 6. Add figures in appointment column. 7. Add figures in separation column. 8. Subtract separation column total from appointment column total to obtain SCD.
